Utilization of the Bonus constitutes acceptance of the present Terms. Should the Client not agree with the present Terms, he/she shall notify the Company within 48 hours from the time**

the present Terms were communicated to him/her in order for the Company to remove the Bonus from the account before the Client shall start using such Bonus. In case the Client will start utilizing the Bonus or the Company will not receive a notification of non-acceptance within 48 hours as described above (whichever comes first) it shall be considered that the Client had accepted these Terms and Conditions.

- g. This Bonus can be applied only once per person regardless of the number of accounts. This Bonus cannot be transferred between trading accounts within Scope Markets.
- h. This Offer is not applicable to clients from USA or to clients residing in any of the Restricted or any other country that the Company does not provide services as per the Restricted Countries document available on Company's website.

4. Specific 50% First-Time Deposits Terms and Conditions

- a. The Bonus is equivalent to 50% of the client's first deposit that is 100 USD or more. The Bonus amount is limited to a maximum of 50,000 USD (corresponding to a maximum amount of 100,000 USD first deposit) per client. The amount of two or more deposits made within the Promotional Period cannot be summed in order to be considered as one First Deposit. The bonus can be received only on a first-time deposit (e.g. the client deposits 60 USD and then 40 USD, this will not be considered as 100 USD first deposit and the bonus will not be credited).
- b. This Bonus can be withdrawn when the Client meets the Minimum Trading Volume. The Minimum Trading Volume is 0.125 effective "round-turn" lot for each 0.5 USD in Bonus.
- c. Round turn means a standard Scope Markets MT4/5 lot, traded in both directions (position has to be opened and closed), specified under eligible instrument's Specification, under Contract Size, inside customer MT4/5 trading terminal, and excludes a fully hedged position where a client may be long and short on the same instrument.

Example: 1 round-turn lot of EURUSD = 100,000 EUR opened and closed; 1 round-turn lot of XAUUSD = 100 oz of gold opened and closed.

- d. Only the volume generated by trading on the following CFD asset classes will be taken into consideration while calculating the Minimum Trading Volume:
 - FX
 - Metals
 - Energies

- e. Trading positions deemed fraudulent and trading positions performed through scalping will not be considered when calculating the Minimum Trading Volume. Scalping is defined as opening a trading position and closing it after less than 120 seconds.
- f. Any open positions will be not included while calculating the Minimum Trading Volume.

Example: Client's Deposit within the bonus period is 200 USD. The Company will credit the Client's account with 100 USD (200*50%). For the Client to be able to process withdrawal of his bonus, the Client must generate volume of 25 full round-turn lots on the CFD asset classes described above within ninety (90) days from the time of the deposit.

- g. **The Offer is to be used only for opening new positions and will not be calculated against trading losses. This means that:**
 - i. **Only Client's own funds can be used as a margin. The bonus amount cannot be used as an extra margin. This means that only Client's own-funds part of the equity (and not the bonus amount given) will be used to calculate Client's margin level. Should a Client's own-funds part of the equity fall below 100% of the margin requirement, a margin call will be issued.**
 - ii. **The Margin Stop-Out Mechanism as applicable to the Client's trading account will be triggered without taking into consideration the bonus amount available in the trading account. Should a Client's own-funds part of the equity fall to or below 50% of the margin requirement, the Client's trading position(s) will be stopped out.**
 - iii. **When the Client's total equity reaches the bonus amount available in the Client's trading account, the negative balance protection mechanism will be effected, meaning that all Client's positions will be closed, and trading will be stopped.**

It is provided that in the last two cases described above – g(ii) and g(iii) – the bonus will also be removed from the subject trading account.

Example: Client deposits \$100 and receives \$50 in bonus. Client's total equity is \$150, but Client's own-funds part of the equity is \$100. Client opens a 0.1 lots EURUSD trading position with 1:500 leverage and EURUSD exchange rate of 1.15. Client's margin requirement to open this position is $100,000 (1 \text{ lot of EURUSD}) \times 0.1 / 500 (\text{leverage}) \times 1.15 (\text{EURUSD exchange rate}) = \23 . If Client's unrealized PnL goes into $-\$78$, Client's total equity will drop to $\$150 - \$78 = \$72$, but Client's own-funds part of the equity will drop to $\$100 - \$78 = \$22$. Since only Client's own funds can be used as a margin, a margin call is issued, as Client's own-funds part of the equity is now below 100% of the margin requirement for this position.

Should a Client's own-funds part of the equity fall to or below 50% of the margin requirement for this position, or ($\$23/2 = \11.5 or below), the trading position will be stopped out.

- h. The Bonus will be valid for ninety (90) days from the time the bonus is added to the trading account. At the expiration of the ninety (90) days period the Bonus will be removed.
- i. Should the Client make a withdrawal during the Promotion Period before meeting the Minimum Trading Volume, the amount of Bonus will be removed.
- j. In order to be able to withdraw the amount of Bonus, clients need to achieve the Minimum Trading Volume as described above and also complete all the KYC requirements as determined by the Company from time to time.
- k. This Offer is not applicable to master and slave accounts.

5. General Terms

- a. It shall be noted that it may take up to 24 hours before any Bonus is added to the account of an Eligible Client.

- d. Any indication or suspicion, in the Company's sole discretion, of any form of arbitrage (including but not limited to risk free profiting), abuse (including but not limited to participant's trading activity patterns that indicate that the participant solely aims to benefit financially from the credit trading bonus, without being genuinely interested in trading in the markets and/or taking market risk), fraud, manipulation, cash-back arbitrage connected to a trading bonus or any other forms of deceitful or fraudulent activity, will nullify all previously credited trading bonuses of the Client's trading accounts with Scope Markets and/or any and all transactions carried and/or profits or losses garnered therein. In these circumstances, Scope Markets reserves the right, at its sole discretion to close/suspend (either temporarily or permanently) all such

Client's trading account(s) with Scope Markets, cancel all orders and annul all profits of such participant. In these circumstances Scope Markets shall not be liable for any consequences of the trading bonus cancellation, including but not limited to, order(s) closure by Stop Out.

- e. The present Terms and Conditions shall be governed by and construed in accordance with the Laws of Belize. Any dispute or situation not covered by these terms will be resolved by the Company in the manner it deems to be the fairest to all concerned. That decision shall be final and/or binding on all entrants. No correspondence will be entered into.
